

Product Change Note

Date September 5, 2022
No. 038-22

TRACO POWER TIB 080(-EX), TIB 120(-EX), TIB 240(-EX), TIB 480(-EX)

To whom it may concern

DC input voltage operation

In addition to the standard models, all TIB models and TIB-EX models are now available with certified DC input voltage as well. These models can be ordered on demand. They feature 100 to 250 VDC input voltage range (certified range), and 90 to 350 VDC input voltage range (operational range, with derating below 100 VDC).

Exception: The TIB 480-148 must already be derated below 110 VDC.

Timeline:

The product change is active for all models since production date 2022 CW30.

Datasheets and application notes are available on the respective product pages for [TIB series](#) and [TIB-EX series](#).

For more information contact your local TRACO POWER sales representative or Distributor.

We thank you for your understanding.
